Bottle Size	1	lt	Product Name	AMARO ESTREMISTA 3°																																												
Alcohol by Volume	3	%																																														
Production Area	SARDEGNA, ITALY																																															
Grapes (if applicable)	N/A		Alivini Product Code	AMA-CARTA-----02D																																												
Colour	Bright amber																																															
Category	Amaro																																															
Method	Prepared by creating an infusion of local herbs, hand-picked at the perfect ripeness, and a water and alcohol solution of 47% by volume. The infusion sits for 5-6 months, then the liquid is then separated from the solids, and sugar, strawberry tree honey, caramel and natural flavours are added. Water is then added until the desired alcohol content is reached.																																															
Product Picture	Tasting Notes and Pairing																																															
	Pleasantly aromatic, opening with fragrances of native Sardinian herbs and juniper, followed by persistent notes of officinal herbs and thyme that give it a refreshing, spicy, and distinctly balsamic character. On the palate, it is surprisingly consistent with its aromatic profile, revealing a harmonious, silky texture that makes it uniquely smooth and effortlessly drinkable. Soft and gentle on the palate, it offers a delicate bitterness balanced by subtle sweetness, leading to a long, elegant balsamic finish. Produced through the infusion of fresh Mediterranean scrub herbs in low-graded alcohol, Amaro Estremista 3° extracts only the noblest aromatic components, resulting in a true amaro with just 3.0% alcohol by volume. The presence of Sardinian honey adds roundness and balance, while the cold extraction process preserves aromatic intensity and complexity. Entirely green in its production, the botanicals are harvested from the Silvio Carta botanical garden in Zeddiani, with renewable energy powering the distillery and spent herbs reused as bio-fuel. Perfect as a light digestivo over ice or as a distinctive ingredient in low-ABV cocktails, Amaro Estremista 3° offers remarkable harmony, freshness, and sustainability in every sip.
