Method	Prepared by creating an infusion of myrtle leaves hand-picked at the perfect ripeness, and a water and alcohol solution of 47% by volume. The infusion sits for 4-6 months, then the liquid is separated from the solids and sugar is added. Water is then added until the desired alcohol content is reached.				
Product Picture	Tasting Notes and Pairing				
	<p>Crafted from the most aromatic leaves of the myrtle plant, an evergreen shrub that grows spontaneously in the unspoiled lands of Sardinia. Produced naturally, without any colourings or flavourings, it owes its elegant and delicate taste to slow maceration in pure alcohol and a faithful respect for ancient production methods. On the nose, it reveals multiple aromas, with the prominent presence of myrtle essential oil accompanied by characteristic notes of thyme, laurel, sage, rosemary, and mastic, evoking the richness of the Mediterranean scrub. The palate is elegant and enveloping, a harmonious union of sweet and bitter, with vegetal nuances that lead to an extremely delicate, lingering finish. Mirto Bianco is like a soft Sardinian summer breeze, offering an authentic, refined, and captivating experience. Best enjoyed cool at the end of a meal, it allows the full complexity of its aromas and flavours to shine, creating a lingering embrace of Mediterranean memories.</p>
